

PHIFER PAVITT

NAPA VALLEY WINERY

The Green Wine Trail: 10 of Napa's Most Sustainable Wineries

Excerpt from 7x7.com - Clara Hogan May 2, 2018

Phifer Pavitt Winery

Two words represent the gorgeous Phifer Pavitt winery: eco-chic. Located near the Silverado Trail just south of Calistoga, this winery is run by married couple Suzanne Phifer Pavitt and Shane Pavitt, who are committed to incorporating sustainability throughout the property from the ground up—literally. The tasting room is made from reclaimed materials including recycled blue jean insulation, and the vineyards are farmed using organic methods. The estate is known for its special "date night" wines—a play to the couple's history of making important life decisions, including purchasing the land for the winery in 1998, on their weekly date nights. Take one of their eco tours and/or tastings to better understand what makes this winery the 2017 winner of the Great Wine Capitals' Sustainable Wine Tourism award.
